Bulk Firewood—a golf cart of split oak for \$50 (approx 1/6 of a cord) or a ½ cord for \$100, delivery within 24 hrs

***The Slush Machine is Open! Visit our store, and check out the Sunfox t-shirts, embroidered golf shirts and sweatshirts and hats! Only 1 masked adult in store at any time, and kids must use walk-up window.***

Our 48-channel satellite TV system is activated for the season. See our website for a channel list, or pick one up in the office, and be sure to select "cable" input and perform a channel scan.

*A reminder that our rates include 2 adults and up to 4 children. Any visitors who are not part of your registered party must pay the day visitor fee of \$8/adult and \$5/child or senior citizen (no charge age 3 and under), or the overnight fee of \$12/adult or \$8/child/senior.*

**Parents please note—**You are responsible for the behavior of your children. Please make your children aware of our rules and curfews, and help us enforce them. All our campers appreciate your cooperation

*A reminder that although a fishing license is needed if venturing out of the campground, you don't need one for our stocked pond...catch & release please! Trout (over 100 stocked recently), bass, bullheads & more.*

**\*\*Trash—**Please bring your trash and recyclables to receptacles located near the dump station at entrance/exit. Only recyclables in the single stream recyclable dumpster (far right), and no "bulky waste" please. A reminder that while there are 4 restroom buildings, coin-operated showers are located in the restrooms near site 43 and near site 74.

The Nowakowski Family is pleased to welcome you to Sunfox Campground. We invite you to join us on Facebook for updates and fun photos, and hope you return soon! We also welcome reviews of your stay on TripAdvisor and Google. We appreciate the nice Facebook comments and reviews, but a couple more Google reviews would be terrific!

Don't forget to take a moment and read the campground rules on the back of the map, noting such items as quiet hours and bike rules (helmets for those under 16 and no bike riding after dark please), as well as speed limits within the campground and through the neighborhood.

**WiFi:** Each site receives 1 free ticket for one device for the duration of your stay, while one free hour for any other device is provided each day. Additional tickets for any extra devices are available for just \$1 per day, \$5 per week or \$10 per month by purchasing access code tickets in the office. Please note that the materials used in construction of some RVs (steel, aluminum, fiberglass) may inhibit signal strength, and best reception will be achieved at your picnic table outside your RV. There are numerous "Hot Spot" antennas located throughout the campground, but reception may vary based on your computer's wi-fi antenna, the weather or other factors that impact wireless signals. Our wi-fi network is intended to allow campers to check their email and browse the web. It is not able to provide for downloading movies or large files, nor should it be considered an alternative to a secure, wired connection that may be needed for some business applications.

**As we are now officially re-opened, we have vacancies for most upcoming dates!**

*Have a great stay!*

## FRIDAY

6PM	Gymnastics Contest	All Ages	Flag Pole
8PM	Zoom Bingo ID: 939 2400 3019 \$1 per card	All Ages	Snack Bar

*A reminder that although a fishing license is needed if venturing out of the campground, you don't need one for our stocked pond...catch & release please! Trout, bass, pickerel, bullheads & more. We recently received the delivery of the 2020 trout stocking supply!*

***We chose this weekend for "Birthday Bash" because 3 of our 4 children have birthdays within a 2-week period...wishing a "Happy Birthday" to Sage (7 on Fri), Trey turns 9 on June 11 and Brock's 13<sup>th</sup> on June 2.***

*Be sure to check out our new trails and paths. A map is available on our website. Feel free to add to our "Fairy Path" along Blissville Brook with items made out of nature (or perhaps painted rocks), and please don't disturb what others have built.*

We appreciate everyone's cooperation and effort in helping to keep themselves and their fellow campers safe. The latest guidance from CDC indicates that masks, social distancing and hand-washing work very well, as the transmission is down and is almost exclusively person to person, particularly indoors. The risk of transmission through other surface contact and objects appears to be minimal, and is reduced even more by frequent hand washing. We apologize that some of the protocols issued by the state were not made available until the last-minute, and we are doing our best to interpret them correctly. Thank you!

Large Propane Tanks for our Seasonals...if any other seasonals are interested in getting a 56-gallon tank, we are scheduled the next round of installs for June 9. This might be the final batch for the year, and a reminder to those with tanks: while you should have enough gas to get you through the whole season, we are scheduling a filling around Labor Day. If for some reason you find yourself below 30% before then, please let us know so that a delivery can be scheduled. We are still awaiting some bills from Hocon, but expect to have any charges for gas added to your reservation account when we do our next set of electric bills around June 1.
