4PM	Extended Check Out	All	Sites

Upcoming Special Event Weekends include Hypnotist Steve Wronker on May 4, our 80's Prom with The Outriggers on May 18, Reunion Weekend Celebrating our 10th Sunfox Anniversary on June 8.

We are excited to return to Bingo at the Event Tent, as we thank our campers and staff who assisted in the process, while the pool and adult hot tub are scheduled to open Mother's Day Weekend.

****Trash--Please bring your trash and recyclables to receptacles located near the dump station at entrance/exit. Only recyclables in the single stream recyclable dumpster (smaller dumpster on the left), and no "bulky waste" please. A reminder that while there are 4 restroom buildings, coin-operated showers are located in the restrooms near site 43 and near site 74.**

WiFi: Each site receives 1 free ticket for one device for the duration of your stay, while one free hour for any other device is provided each day. Additional tickets for any extra devices are available for just \$1 per day, \$5 per week or \$10 per month by purchasing access code tickets in the office. Please note that the materials used in construction of some RVs (steel, aluminum, fiberglass) may inhibit signal strength, and best reception will be achieved at your picnic table outside your RV. There are numerous "Hot Spot" antennas located throughout the campground, but reception may vary based on your computer's wi-fi antenna, the weather or other factors that impact wireless signals. Our wi-fi network is intended to allow campers to check their email and browse the web. It is not able to provide for downloading movies or large files, nor should it be considered an alternative to a secure, wired connection that may be needed for some business applications.

A reminder that our rates include 2 adults and up to 4 children. Any visitors who are not part of your registered party must pay the day visitor fee of \$8/adult and \$5/child or senior citizen (no charge age 3 and under), or the overnight fee of \$12/adult or \$8/child/senior.

Parents please note--You are responsible for the behavior of your children. Please make your children aware of our rules (such as helmets for bike or hoverboard/Segway riders under age 16, no riding after dark or on bball court, no cutting through campsites) and curfews, and help us enforce them. Respect speed limit in Park and in the neighborhood. All our campers appreciate your cooperation.

Our 48-channel satellite TV system was updated to digital HD, so you will need to run a channel scan on your TV. If your TV is old (and analog only), you will need a digital converter. See our website for a channel list, or pick one up in the office, and be sure to select "cable" input and perform a channel scan (some new smart TVs require even smarter operators—make sure your antenna booster or amplifier is "off").

Although a fishing license is needed if venturing out of the campground, you don't need one for our stocked pond...catch & release please! Over 100 new trout were stocked this year on April 17, with bass, bullheads (catfish) & more.

The Nowakowski Family is pleased to welcome you to Sunfox Campground. We invite you to join us on Facebook for updates and fun photos, and hope you return soon.

Be sure to check out our Disc Golf Course and RC Racetrack and Basketball/Pickleball Court! Our hiking trails and paths lead to Disc Golf (we have some Innova Discs in our store for \$10), while RC access is across the bridge behind the restroom near the pool. A trail map is available on our website. Feel free to add to our "Fairy Path" along Blissville Brook with items made from nature (or perhaps painted rocks), and please don't disturb what others have built.

Our seasonals are reminded that we have done a final electric meter reading for last year (which is also your first read for 2024), so check with the office about any final 2023 electric bill, as well as current balances when you visit the walk-up window for your annual wifi ticket. If raking and piling leaves, please try to separate sticks from leaves, and don't rake or blow them onto another site. Please be reminded that there may still be a few drippy faucets that we hope to fix next week. In addition, please do not remove the required back-flow preventers on your spigots, as it seems like some of the same sites need them replaced (\$16) each spring. Also, if anyone is interested in getting a 50 gallon LP gas tank. Campers are responsible for disposing of "bulky waste" items such as chairs and canopies etc (as they can't be put in our dumpsters). Do not flush anything into our septic systems other than toilet paper—there is no such thing as a "flushable wipe" as they cause clogs. Chefs should note that grease can't be put down the sink, as that contributes to costly system repairs and clogs.

Upcoming Special Event Weekends include Hypnotist Steve Wronker on May 4, our 80's Prom with The Outriggers on May 18, Reunion Weekend Celebrating our 10th Sunfox Anniversary on June 8.

Have a great stay---and allow everyone else the same!
