Please stay off the recently re-seeded soccer/football field.

The Slush Machine is Open! Visit our store, and check out the Sunfox t-shirts, sweatshirts and hats

FRIDAY

Nothing happening...but please be reminded the store will close at 7pm

SATURDAY

Not much happening, as packing and winterizing is taking place. Please note that store will close at 4pm.

11AM Corn Hole Fall Championship (anyone with "fall" points is eligible for seeding) Near Pool
players without any "points" will be paired with other non-scorers

1PM	Kids vs Adults Kickball	All Ages	Field
3PM	Teen/Adult Volleyball	13 & over	Vball Crts
5PM	Thanksgiving Dinner/Keith's Annual Video	All Ages	Event Tent

We will provide the turkey and mashed potatoes, and ask our participating campers to bring a family-sized side dish or dessert (this dinner is offered to our participating seasonals at no cost, as a thank you for all their help, while weekend campers may join us for just \$5/adult and \$3/child, also bringing a family sized portion of something to share...or \$50/adult if empty-handed & hungry).

7PM	BINGO!! \$1 per card	All Ages	Event Tent
-----	----------------------	----------	------------

SUNDAY

Not much happening, as most of our campers will be packing and winterizing.

10:45AM	Corn Hole—Bring a partner (1 beverage/team)	All Ages	Near Pool
1PM	Dodgeball—Kids vs Adults (final game of year)	All Ages	Field
4PM	Extended Check Out	All	Sites

****Trash--Please bring your trash and recyclables to receptacles located near the dump station at entrance/exit. Only recyclables in the single stream recyclable dumpster (far right), and no "bulky waste" please. A reminder that while there are 4 restroom buildings, coin-operated showers are located in the restrooms near site 43 and near site 74.**

WiFi: Each site receives 1 free ticket for one device for the duration of your stay, while one free hour for any other device is provided each day. Additional tickets for any extra devices are available for just \$1 per day, \$5 per week or \$10 per month by purchasing access code tickets in the office. Please note that the materials used in construction of some RVs (steel, aluminum, fiberglass) may inhibit signal strength, and best reception will be achieved at your picnic table outside your RV. There are numerous "Hot Spot" antennas located throughout the campground, but reception may vary based on your computer's wi-fi antenna, the weather or other factors that impact wireless signals. Our wi-fi network is intended to allow campers to check their email and browse the web. It is not able to provide for downloading movies or large files, nor should it be considered an alternative to a secure, wired connection that may be needed for some business applications.

This is our final weekend of camping, with the water being turned off shortly. We will do a final electric reading for seasonals on Nov 1, but you are encouraged to stop by the office and check on any prior balances. The final chance for pump-out service will be Wednesday Oct 30. We hope to start working on the leaves soon, so if piling, please keep sticks and leaves separate. Have a great stay!
