FRIDAY

6PM	Dodgeball	All Ages	Field
-----	-----------	----------	-------

SATURDAY

10AM	Kickball	Kids	Field
11AM	Family Corn Hole—Bring own partner <i>1 water/soda/juice per team—winners take all</i>	All Ages	Poolside
1PM	Egg & Spoon Relay Race	All Ages	Field
2PM	Egg Coloring—we supply the eggs!	Kids	Rec Hall
3PM	Sack Races (hop like Easter Bunny) & 3-Legged Races	All Ages	Field
4PM	Dodgeball	All Ages	Field
5PM	Wagon Ride	All Ages	Flag Pole
6PM	Teen/Adult Volleyball	13 & up	Vball Courts
8PM	BINGO!! \$1 per card	All Ages	Rec Hall/Zoom

Plenty of room in the Rec Hall, as we expect to be under the tent soon, but if using Zoom, players can play using Zoom on a device at own site, perhaps by a campfire.. If Zooming, Brown Cards are \$1 each, while Green cards are \$5 and all cards must be rented from the store, before 7pm, with your Zoom meeting password issued when buying cards...and cards returned to the store window on Sunday after 9am. All Zoom winnings can be claimed on Sunday at the store. Zoom Bingo is expected to conclude once the new sites and restroom near the Event Tent are done.

SUNDAY

9AM	Easter Egg & Candy Hunt	Kids	Flag Pole
10AM	Wiffleball	Kids	Field
11AM	Corn Hole—Random draw for partners <i>1 soda/water/juice per entrant —winners take all</i>	All Ages	Poolside
12:15PM	Dodgeball	All Ages	Field
1PM	Wagon Ride	All Ages	Flag Pole
4PM	Extended Check Out (store closes at 1pm)	All	Sites

We expect the event tent to be ready for the weekend of April 25-27, perhaps sooner, while the pool and adult hot tub are scheduled to open Mother's Day Weekend.

A reminder that our rates include 2 adults and up to 4 children. Any visitors who are not part of your registered party must pay the day visitor fee of \$8/adult and \$5/child or senior citizen (no charge age 3 and under), or the overnight fee of \$12/adult or \$8/child/senior.

Parents please note--You are responsible for the behavior of your children. Please make your children aware of our rules (such as helmets for bike or hoverboard/Segway riders under age 16, no riding after dark or on bball court, no cutting through campsites) and quiet hour and curfews (11pm), and help us enforce them. Respect speed limit in Park and in the neighborhood. All our campers appreciate your cooperation. **Please be advised that security cameras are in use throughout the campground. For those who are aware of the recent CT change in legislation regarding use of cannabis, as with state campgrounds and state parks, the use remains prohibited at Sunfox. "Legal" does not mean permitted everywhere, and while adults of legal age ingesting a gummy don't negatively impact the neighboring sites, the smoking does.**

Our 48-channel satellite TV system was recently updated to digital HD, so you will need to run a channel scan on your TV. If your TV is old (and analog only), you will need a digital converter. See our website for a channel list, or pick one up in the office, and be sure to select "cable" input and perform a channel scan (some new smart TVs require even smarter operators—make sure your antenna booster or amplifier is "off").

Although a fishing license is needed if venturing out of the campground, you don't need one for our stocked pond...catch & release please! Over 100 new trout were stocked this year, with bass, bullheads (catfish) & more.

****Trash--Please bring your trash and recyclables to receptacles located near the dump station at entrance/exit. Only recyclables in the single stream recyclable dumpster (far right), and no "bulky waste" please. A reminder that while there are 4 restroom buildings, coin-operated showers are located in the restrooms near site 43 and near site 74.**

The Nowakowski Family is pleased to welcome you to Sunfox Campground. We invite you to join us on Facebook for updates and fun photos, and hope you return soon.

WiFi: Each site receives 1 free ticket for one device for the duration of your stay, while one free hour for any other device is provided each day. Additional tickets for any extra devices are available for just \$1 per day, \$5 per week or \$10 per month by purchasing access code tickets in the office, or purchasing on-line via Paypal at the "Sunfox wifi" login page. Please note that the materials used in construction of some RVs (steel, aluminum, fiberglass) may inhibit signal strength, and best reception will be achieved at your picnic table outside your RV. There are numerous "Hot Spot" antennas located throughout the campground, but reception may vary based on your computer's wi-fi antenna, the weather or other factors that impact wireless signals. Our wi-fi network is intended to allow campers to check their email and browse the web. It is not intended for downloading movies or large files, nor should it be considered an alternative to a secure, wired connection that may be needed for some business applications, and may be slowed during busy times if everyone is "streaming".

Be sure to check out our Disc Golf Course, volleyball courts, new soccer/football field and RC Racetrack! Our hiking trails and paths lead to Disc Golf (we have some Innova Discs in our store for \$10), while RC access is across the bridge behind the restroom near the pool. . A trail map is available on our website. Feel free to add to our "Fairy Path" along Blissville Brook with items made from nature (or perhaps painted rocks), and please don't disturb what others have built.

Our seasonals are reminded that we have done a final electric meter reading for last year (which is also your first read for 2025), so check with the office about any final 2024 electric bill, as well as current balances when you visit the walk-up window for your annual wifi ticket. If raking and piling leaves, please try to separate sticks from leaves, and don't rake or blow them onto another site. This weekend is "clean-up weekend", but we were able to get a good jump on leaves last fall. Please be reminded that there may still be a few drippy faucets that we hope to fix next week. In addition, please do not remove the required back-flow preventers on your spigots, as it seems like some of the same sites need them replaced (\$16) each spring. Also, if anyone is interested in getting a 50 gallon LP gas tank, please let us know, as we will be placing our order soon.

Upcoming Special Event Weekends include Hypnotist Steve Wronker on May 3, our 80's Prom with The Outriggers on May 17 and more.

Please be advised of a couple of policy changes for 2025....First, we need to implement a \$10 minimum on any credit card purchases at the store, due to an increase in the "per transaction" fees. Second, in regard to quiet hours, while you are still welcome to stay up at your campfire beyond the 11pm quiet hour, we are requiring that all audio devices be turned off, such as outside TVs, radios, karaoke set-ups etc. Also, we are in the process of changing our reservation software program. Although not the ideal time of year, our current provider, with whom we had been thrilled for our 11 years, sold his business and the new folks "upgraded" to an entirely unusable model. We apologize in advance for the slower transaction time that is needed over the next 4-6 weeks with the current program until the new software is in place (which will then require a little learning curve as well for our staff).

While some schools are off the upcoming week, most around here were off last week. Please note that there are no mid-week activities until mid-June, and while the playground and jumping pillow will be open, the office/store will have limited mid-week hours. The pond was stocked with 100 trout this week, so good luck (catch and release please).

Have a great stay---and allow everyone else the same!
